

Quality Policy Statement

Scandor Landscape Contractors Limited provide service, installation and commissioning of landscaping projects for commercial, retail, industrial and residential developments and the construction of golf course facilities, sports fields, amenity and play areas.

The company and management team is dedicated to maintaining a management System that ensures that its products and services meet requirements agreed with its customers at all times. The quality policy is based on the following objectives:

1. Quality management concentrates upon prevention, looking at processes, Identifying errors or opportunities for errors and implementing corrective and Preventive actions to eliminate these or prevent their occurrences leading to Continuous improvement.
2. Quality is defined as conformance of products and services to established and documented requirements derived from customer needs, employee expertise and experience.
3. Systems are open to constant examination by all company personnel and authorized third parties enabling observations to be made and incorporated which, provide for continuous improvement.
4. Quality is an investment in that it ensures improved profitability, through reduced costs, enhances the reputation of the company in the market place and provides customers with best value for money.
5. Quality is the responsibility of each and every employee within the company and that the reputation of the company will be determined by the actions and attitude of all employees.

These objectives will be subject to regular review by the Management Team with respect to their achievement and relevance. Obstacles, which prevent fulfillment of these objectives will be identified and removed.
